GENERAL INFORMATION

ABOUT ISTANBUL

Istanbul, a fascinating city built on two Continents, divided by the Bosphorus Strait. This is one of the greatest cities in the world where you can see a modern western city combined with a traditional eastern city, it's a melting pot of many civilizations and different people. Istanbul was also announced by the European Union as the 2010 European Capital of Culture.

From the foundation of Byzantium in the 7th century BC until today, Istanbul held always an important role in the history of humanity in this part of the world. Everybody wanted to gain control of this area because of its strategic location; Empires were born here on the ashes of previous ones.

Since the Republic in 1923, Istanbul continued to grow and today it boosted its population over 17 million people living in this spread out city. This makes Istanbul the largest city of Turkey and one of the biggest cities in the world.

ABOUT WIP

MISSION STATEMENT

WIP's mission is to bring together the most recognized experts in the field of pain medicine throughout the world for the advancement and standardization of interventional pain practice and the achievement of improved standards of care for pain patients.

WIP fulfills its mission through sponsorship and endorsement of educational and training programs for pain physicians. These programs are aimed at facilitating the development of practice guidelines and standards of examining and assessing competency in physicians who specialize in interventional pain practice.

The World Institute of Pain was founded in 1993 as a worldwide organization that aims to promote the best practice of pain medicine for the 21st century. The majority of acute, chronic, and cancer patients are inadequately represented in the world. The population of chronic pain and cancer pain patients is expected to double by the year 2030, and the older population is expected to live longer. Specialized and focused care of pain patients is essential if adequate and continued care is to provide comfort and functional improvement in their daily living. Pain medicine specialists can provide this care.

Through educational initiatives, including WIP World Congresses, regional symposia, and practical workshops on interventional pain practice, WIP helps promote consensus building among experts on the effectiveness of existing techniques and avenues for advancement of therapeutic performances.

ABOUT WIP TURKISH REGISTERED SECTION

WIP REGISTERED TURKISH SECTION (AFFILIATED TO WIP)

World Institute of Pain has 30 Sections from all over the world. The World Institute of Pain® (WIP) in 2007 established an international framework of WIP Sections that encourages the promotion and development of WIP's membership network, WIP-endorsed activities, and liaisons with individuals or groups with similar interests in fields related to best practice of pain management.

Through these International Sections and other international networks of pain physicians, WIP can more fully realize and enhance the exchange of scientific and clinical management practices in a manner that encourages international goodwill, as well as social and cultural impact. WIP encourages the establishment of regional sections when such sections would promote the objectives of WIP.

WIP recognizes the value of formal liaisons with other scientific and professional organizations whose purposes are consistent with the mission and aims of WIP.

On January 14, 2017, the Executive Board of the World Institute of Pain® (WIP) agreed to support requests by official Sections of WIP to register their Sections in their countries when doing so would better empower FIPP® (Fellow of Interventional Pain Practice®) Members of WIP to organize educational activities in accordance with the non-profit mission and aims of WIP.

On June 26, 2018, the WIP Affiliated Registered Section of Turkey was approved by the Turkish Ministry of Interior to improve the organization of WIP activities as well as to promote FIPP® not only within the country but also in the broader region, bringing together our colleagues from the Middle East, Mediterranean, Middle Asia, and Caucasus.
